ADDITIONAL TAXES levied by the state legislature in order to meet state budget requirements also resulted in some side-benefits to cities, counties and school districts.

Although it won't make the paying of the taxes any easier, it is nice to know that the additional taxes had a soothing effect in some quarters.

For example, because of the somewhat indirect financial assistance that is anticipated from smokers and drinkers, the City of Campbell will get off the fiscal deficit hook.

Despite Campbell's "austerity" budget, which is necessary if the city's current tax rate is to be maintained, a deficit had been anticipated when the time for the final approval of the budget rolled around at the end of the month.

-0-

THE DEFICIT, if not erased, meant that more slashes would have to be made before the budget was finally adopted, for the City Council intended to hold-the-tax-line.

But now thanks to the extra tax burden that smokers and drinkers will bear during the next year, because of the legislative action, this city apparently will pick up enough dough from the state's "take" to offset the deficit.

Maybe some sort of special tribute should be worked up to honor the smokers and drinkers who will make an extra effort this next year to keep the various government entities solvent.

But somehow we don't look for such action. It really is a paradox.

In face of all the dire warnings: "Caution: Cigarette Smoking May Be Hazardous to Your Health", etc. etc., without the smokers and drinkers other tax sources would have to be found to bail out the cities, etc.

It's a heck of a spot to be in.

Even if a city or the state needs the dough, officials just can't run around urging people to take up smoking.

And a slogan such as, "To keep the state from going broke, all you need to do is smoke".

That wouldn't fit in somehow.

-0-

AS ONE WHO has nipped and puffed, in varying degrees of indulgence, for more years than we care to enumerate, we have also over the years accepted criticism in varying degrees of intensity for this extra curricular activity.

And with varying degrees of success, we have stopped smoking at different times. Why we ever started smoking again after once stopping is something we have never been able to answer intelligently. Until now.

Recently we decided (with considerable urging from Dorothy) because of a more-than-usual hacking in the morning to cut down on our smoking.

But after a couple of days we realized how unfair this was to City Manager Bob Stephens and the City of Campbell, who are dependent

Commission denies permit

San Tomas gas station loses

A happy group of residents, including tenants of the shopping center involved, from the San Tomas area enthusiastically applauded the action of the Planning Commission on Monday night which denied the application for a use permit for a service station in the San Tomas Village Shopping Center.

By a 5-1 vote, after a lengthy discussion in which a number of members of the large San Tomas delegation present participated, the commissioners ruled that the proposed service station would be "detrimental" to the present shopping center tenants, as it would curtail parking and detract from the center as a whole.

The proposed Standard Oil station would be located on the corner of Elam and San Tomas Road. The application had been filed by Mrs. Maude Smith, owner of the shopping center.

Five commissioners (Ed Pack was absent) apparently felt that the case presented by the operator of the San Tomas Market, Luden F. Bennett, and his attorney, Robert D. Wenzel, justified the rejection of the use permit. Voting for denial were Chairman Jack Healey, Dean Chamberlin, Frank Klein, Kel Young and Thayer Lyons. Merrill Grim cast the lone vote in favor of the application.

In addition to the oral arguments presented by the San Tomas residents, two letters had been filed from residents in the area opposing the station. It was also claimed that a petition containing more than 600 signatures in opposition had been obtained.

Mr. and Mrs. Bennett from the San Tomas Market, along with several employees fron the store, took the floor in protest, claiming that the service station would interfere with the market's operation and force customers to park in the rear. They maintained that the 60-feet between the station and stores was not enough of a distance.

Dick Hogan, planning director, in presenting the application, pointed out that the plans for the station met the city requirements and it was not the staff's

Jack-in-the-Box ad brings results

'Burger boom hits town

THOUSANDS OF FREE HAMBURGERS--Readers of The Campbell Press enthusiastically responded to the offer made by the two "Jack-in-the-Box" drive-through restaurants in last week's issue. In a full page advertisement "Jack-in-the-Box" offered last Wednesday and Thursday a free hamburger to every passenger in each car that brought the full page ad into the restaurants.

When the smoke had cleared, the tally showed that 500 full page ads had been checked through Jack-in-the-Box at 1450 W. Campbell and 122 ads at 17375 S. Bascom, for a total of 622!!

At the W. Campbell location, 2300 free hamburgers were distributed and at S. Bascom, 1000 were handed out, for a fantastic total of 3300 free hamburgers for the two days!

Above, David Allen, owner-manager of Jack-in-the-Box at 1450 W. Campbell Ave. holds up the full page ad that did the trick. Bert Schoolcraft is the owner-manager of the 17375 S. Bascom Jack-in-the-Box location.

St. Thomas of Canterbury

West area gets new Catholic parish

Masses will be said for the first time this Sunday, August 27, in a new Catholic parish in this area, St. Thomas of Canterbury, formed largely from the parish of St. Lucy's Catholic Church of Campbell.

Masses will be said temporarily in the Knights of Columbus hall on W. Parr Ave.

Four masses have been scheduled for this Sunday.

The new parish will take in part of the parish of Queen of Apostles as well as portions of St. Mary's of Los Gatos and Sacred Heart of Saratoga.

An estimated 900 families now a part of St. Lucy's in Campbell, will become members of the new parish. Approximately 300 families will come from Queen of Apostles Church.

Actually the K of C Hall, where masses will be said temporarily, will still remain in St. Lucy's parish, as the tentative boundary of the new parish has been set at San Tomas Aquino Road with St. Thomas of Canterbury extending west of San Tomas Road.

A nine-acre building site for the church has been acquired at McCoy and Neville, near the Forest Hills School. The property was formerly owned by the Perata family.

Father Paul Perlite, formerly of Sacred Heart in San Francisco, has been named first pastor of the new parish.

The "splitting off" of St. Lucy's for the formation of St. Thomas of Canterbury, marks the third time in the 20-year history of the local parish that a "split" has occurred.

The first came about when St. Francis Cabrini of Cambrian Park was formed in the early '50's and the second when Queen of Apostles was established and the Los Ranchitos section of town was "lost" by St. Lucy's.

Under the tentative limits that have been established, the Los Ranchitos area will become part of the new parish.

The announcement of the formation of the new parish comes on the eve of the completion of the new $350,000 St. Lucy's Church on Winchester Blvd. just south of the church that was built in 1957. The new church will accommodate 1200 persons, twice as many as the present church can handle.

It is expected that masses will be said in the new church early next month.

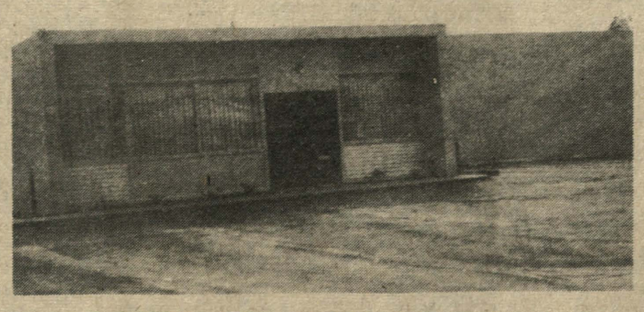
Dedication ceremonies have been planned for October.

Since St. Lucy's was founded in 1947, the local church has shown phenomenal growth. Despite the cutting down of the parish limits when new parishes were formed, the expanded congregation forced the building of a new edifice less than 10 years after the first church was built on Winchester Blvd. The first church in town was located on E. Rincon Ave.

The parish in its 20 years has only had two pastors. The late Father Denis Kennelly was the first pastor after the parish was "promoted" from the mission status. Father Kennelly was pastor when the present church was built in 1957.

Father John Lally has been pastor of St. Lucy's since 1960. Since then the school has been expanded and convent and rectory built as well as the $350,000 church building now almost ready for occupancy.

Assistant pastors in the local parish are the Rev. Daniel J. Sheehan and the Rev. Charles R. Simpson.



FIRST MASSES--The Knights of Columbus hall on W. Parr where masses will be said temporarily for the newly-formed Catholic parish in the area, St. Thomas of Canterbury. Four masses are scheduled in this hall this Sunday, Aug. 27, for the first time in the new parish.

Deficit disappears

Council to set tax rate Monday

Faced with a brighter fiscal picture than was the case several months ago when the tentative city budget was adopted, the City Council is expected to optimistically adopt the final budget next Monday, Aug. 28, and set the same tax rate as last year, $1.27 per $100 assessed valuation.

When the preliminary budget was drafted, although it was rated as one of the "most austere" in local history, an anticipated deficit of more than $50,000 concerned the City Council, provided that the tax rate was not increased.

However, new legislation in the state level (cigarette tax) and a higher reserve than was first contemplated, has erased the deficit, according to City Manager Bob Stephens.

Stephens estimates that the cigarette tax could bring in about $48,000 into the city coffers.

The tax rate of the city ($1.27) has remained constant since 1959.

The adoption of the city budget and the setting of the tax rate will highlight the council meeting next Monday. At the same meeting, the council will adopt the budget and set the tax rate for the Campbell Lighting District.

In prior years the

Off the hook

City Council members "got off the hook" this week when in a terse note Robert Meyer withdrew his rezoning application which would allow the developer to build eight 4-unit "town house" apartments on Virginia Ave. south of the proposed extension of Bucknam.

Meyer received a 3-2 approval of the Planning Commission at a meeting in which many residents expressed objections to the zone change that would allow apartments in what, they claimed, was basically a single-family residential area.

The protesting residents had indicated they would appear en masse at the Council meeting to reiterate their objections.

Meyer did not specify any reasons for his withdrawal but expressed his gratitude to city staff members who had aided him in processing the permit.

City bond drive group organizes

Headquarters for "Campbell Citizens for Progress", the group that will spearhead the citywide bond drive, have been established at 1624 W. Campbell Ave. in the Kirkwood Plaza, Don Hebard, chairman of the group, announced this week.

Hebard said that Ira Kirkorian, extensive local developer and owner of the Kirkwood Plaza, has made space available for the citizens group rent-free in the shopping center. This will be the focal point in the campaign that has for its goal the approval by the voters of the $3,600,000 capital improvement bond issue on Oct. 24.

Preliminary plans for the all-out drive involving citizens from every area of the city were outlined at the organizational meeting of the coordinating council last week.

Members of the coordinating council of the "Campbell Citizens for Progress", have been drawn from the 64-member Citizens Advisory Committee that recommended to the City Council after six weeks of intensive study the bond issue that will be presented to the voters on Oct. 24.

Hebard, who served as general chairman of the Citizens Advisory Committee, which officially "went out of existence" when the recommendation was adopted by the City Council, is chairman of the "Campbell Citizens for Progress"

Rev. Don Stram will take New Mexico church ministry

Don Stram, minister of the First Christian Church of Campbell since 1964, has resigned to take the pulpit of the First Christian Church in Albuquerque, New Mexico, effective Sept. 3.

In his three years of service in Campbell, Rev. Stram has seen the congregation grow to a record 338 members. At first services were held in rented quarters in the Campbell Orchard City Grange Hall. In February, 1966, the First Christian Church moved into its new home located at 1975 Pollard Rd.

Among his many duties as minister, Rev. Stram has also served for two years as a member of the Santa Clara County Correctional Institutions Chaplains Board.

In his new ministry, Rev. Stram will have a congregation of about 400 members. The church is presently studying the feasability of re-locating for expansion.

REV. DON STRAM

The Strams have a young family of five children ranging in age from four to 12. Mrs. Stram is a registered nurse. They have made many friends in their three years of service in Campbell and will be greatly missed. No announcement of the appointment of a new minister has been made as yet.

Editorial

Housing headache

A local minister called four of the Campbell city councilmen "timid" at a recent meeting because the councilmen wanted to find out whether it was feasible to establish a housing authority for this city rather than be affiliated with the county agency.

The basic reason why the four councilmen wanted to explore that possibility was because they preferred to exercise local control of a local problem rather than have an outside agency "take over".

The councilmen who were berated and belittled by the Rev. A.D. Carson for this action also indicated that, until many of the loose ends were tied together as far as the county housing authority was concerned, they could not in good conscience commit the city to being a part of the county operation.

The Campbell City Council had been asked to adopt a resolution authorizing the Santa Clara Housing Authority, if funded by the federal Department of Housing and Urban Development (HUD), to operate a lease-subsidy within the city limits.

Under the proposal, the housing authority would lease existing housing units from private owners and re-rent them to low-income families.

We consider the action by the four councilmen made good common sense.

We also think the Rev. Carson became a trifle carried away with his apparent sincere desire to do something about the sub-standard housing situation in this community. He was a trifle confused in his criticism, in our opinion.

If it is being "timid" to want to know the responsibility that an action by an official governmental body entails, then we can stand more such timidity.

If it is being "timid" to attempt to salvage some semblance of local control in this day and age of huge centralized governmental operation, we think we can stand more of such timidity by local officials.

The Rev. Carson claimed it was a time for "boldness". True, true... But with whose money, may we ask?

While we disagree with the vicar's use of "timid" and "boldness" in his criticism of the four councilmen's action, much more unfair in our opinion was his sweeping statement that "Campbell had the largest poverty pocket in the county, yeah, the country".

Such generalized statements made without substantiation are dangerous, if taken on their face value. They cause unrest, discontent, foment trouble and often undo sincere efforts that are being made to alleviate a bad situation.

We do not claim for one minute that a poverty pocket doesn't exist in Campbell. Even a small pocket is bad enough.

But unless the Rev. Carson has access to reports that have not been made available to others, Campbell's "pocket" is not the largest in the county, nay, the country.

In times like these when we all recognize there are trouble spots in cities, large and small, we maintain that caution should be used in making statements. It is too easy for a spark from some of the more inflammatory utterings either from the pulpit or in the press to be the spark to set off a conflagration.

Admittedly facing the issue realistically without getting involved emotionally is difficult. But we should all try.

The four councilmen, Ed Rogers, Bill Smeed, Homer Hyde and Ralph Doetsch, who wanted to find out whether this city could operate its own housing authority were NOT opposing the principles or philosophy involved in the housing authority legislation.

They conceded that sub-standard housing conditions existed in Campbell and they agreed everything should be done to eliminate such situations.

They admitted that the lease-subsidy program was probably the best means yet devised legislatively to improve conditions locally.

But they also maintained that they had a responsibility to the people of the city to be certain of what they were giving up in getting involved in the county housing authority.

We find no fault with Councilman Charlie Rose's vigorous defense of the housing program on a philosophical basis but only on a practical one.

We maintain that, as difficult as it is in times like these to keep from allowing one's emotional feelings to overshadow practical application, every effort should be made to do so, especially by members of a legislative body whether it be city, county, state, or national.

We were sympathetic with the feelings of the large group of people who attended the council meeting and described the deplorable housing situations that exist in this community. We are well aware of the conditions.

We recognize that they wanted action right now to alleviate a sore spot.

They also felt that affiliating with the county housing authority was a necessary step to take at once.

And they were upset when four of the councilmen refused to be rushed into it.

We again commend the four councilmen for "taking their time". It may not have been the most popular action that particular night. But it also was not necessary to push the panic button then either.

upon us smokers to keep the home fires burning, fiscally speaking, that is.

So back to weed... Nothing is too great a sacrifice in order to keep the budget balanced.

The next puff could be your own.

-0-

JUST IN CASE some of you may get the wrong impression from the facetious ramblings in this column, we have long admitted that smoking certainly is not helpful to one's health.

There is 'way too much evidence that has been gathered not to concede that point.

And more precincts are being heard from all the time.

A recent news release from the Department of Commerce, Bureau of Census, reported, for example, that a national survey is under way to obtain information about smoking habits conducted by the U.S. Public Health Service.

According to the release, part-time Census Bureau interviewers would visit selected addresses in San Francisco, San Mateo, Alameda, Contra Costa, Solano, Marin, Sacramento and Santa Clara and other counties in the state. The same information will be sought from all households in the survey throughout the U.S.

Inasmuch as never in our life have we been "surveyed" as to what TV program we are watching or for anything else, we did not expect to be contacted.

And we weren't.

-0-

IT PROBABLY was just as well.

When the survey was supposedly being conducted, we were in throes of deciding whether or not to quit smoking.

Our answers to the questions, which would be confidential and only used for statistical purposes, thus might have thrown the statistics off a mite.

We thought it rather interesting that, in addition to the questions on smoking habits, the survey also included labor force information for use by the Department of Labor in determining the national employment and unemployment figures.

But apparently any similarity between the two parts of the survey was purely coincidental.

Smoking has not yet been blamed for unemployment problems.

It could come to that, however.

There already has been a case where a person filed for a workmans compensation death benefit on the claim that her husband's occupation forced him to take up smoking which in turn caused his premature death.

But we had better stop going on like this. Otherwise we will forget about our fiscal responsibility to the city and state, and stop smoking.

Apparently where there is smoke there is fire.

-0-

THOSE WHO MAY have in the past questioned the pulling power of The Campbell Press, should have all their answers now, we are happy to report, based on a result of the unique full page ad run by the two "Jack-in-the-Box" restaurants in last week's issue.

You may recall that by bringing in the full page ad, Jack-in-the-Box offered everyone in your car a free hamburger last Wednesday and Thursday.

The final tally showed that 600 page ads were brought in and 3300 hamburgers were given away!

Holy Mackeral! (We mean Holy Hamburger!) That means that the cars averaged five burgers each!

whose goal will be to put the recommended program into effect.

Mrs. Jeanette Watson, who served as vice-chairman of the advisory group, is also vice-chairman of the new unit.

In addition to the coordinating council made up of four general chairmen: headquarters and finance (Pete Giorgianni); community relations (Dale Scott); public information (Norman Paul) and city liaison (Police Chief John Morgan), seven chairmen for sub-committees have been selected. An advisory board will also be named to assist in the overall planning.

At the organizational meeting, it was emphasized that an expanded active working citizen group of approximately 400 people is the goal.

Those named to serve on the seven sub-committees include: Oleg Lubeckis, vice-chairman finance; Henry Cary, chairman and Dick Straw, vice-chairman, research; Mrs. Maude Smith, Chairman, "get out vote"; Mrs. Connie Russo, precinct chairman; Ralph Weymouth, publicity chairman; Jim Cassidy, chairman and John Billmeyer, vice-chairman, speakers and endorsements; Bob Dalzell, chairman, special events.

The various committees, as well as the entire group, plan to meet frequently within the next few weeks, in order to develop the basic plans and organization.

Phones are to be installed in the new headquarters and a determined effort will be made to get "total involvement" of the community in what has been termed Campbell's greatest forward step in its history.

Letters to the Editor

ON REZONING LETTER:

ED. NOTE: The Press received the copy of the following letter addressed to the City Council:

City Council
City of Campbell
Dear Council,

As a registered voter, and a homeowner in the City of Campbell I am writing this letter to urge you to deny the request for a zoning change on property known as 1151 South Virginia Avenue from R-1 to P-D or R-2-S, or R-3-S.

When we purchased our home two years ago, many of the residences in the area were suffering for lack of care. Since that time the majority of the homeowners have made an endeavor to improve their property and bring the neighborhood into a first class condition. With multiple dwellings already to the East of us, we feel we would be almost overwhelmed by additional multiple dwellings on our West.

It would appear to be advantageous to develop this area as a prime residential area for single family dwellings.

I am sure you will give consideration to all angles of this zoning request.

Sincerely,
Suzanne R. Dore'
Mrs. Donald A. Dore'

Six-year-old hit by car on Campbell Ave.

Six year old Danny Allen, son of Mr. and Mrs. Hugh Allen of Campbell Trailer Park, 117 Gilman Ave. was knocked down by a car Monday afternoon as he attempted to cross the street on Campbell Ave. near Union.

The youngster apparently was on his way to go swimming with friends in the creek in back of the Campbell Park. The youngster allegedly was not in a pedestrian crosswalk, according to witnesses. The boy was taken to Campbell Community Hospital by ambulance. Attendants said he did not appear to be seriously hurt. Officer Larry Newland investigated.

$100 till tap at Home Market

Campbell Police reported the theft of $100 from Home Market, 2105 Winchester Blvd. by a dark complexioned man who tapped the till of five $20 bills while the clerk was occupied with another customer.

Owner Norman Alongi told police one of the suspects kept the clerk occupied with the purchase of a package of cigarettes, while the other walked over to the check stand, reached into the till and took the five bills. Both suspects took off on foot to the rear of the Episcopal Church on W. Rincon Ave. and disappeared.

The city is also scheduled to receive a pedestrian safety award from the California State Automobile Association in recognition that there were no pedestrian deaths within the city during the past year.

First reading of the amendment to the ordinance regulating billiard parlors and the pre-zoning ordinance for parcels in the process of being annexed to the city will also be on the agenda.

An anticipated controversial issue on the agenda was eliminated this week with the withdrawal of a rezoning application for property on Virginia Ave. It had received the prior approval of the Planning Commission.

In another action involving a shopping center, the commission denied the application of a sign company for a 50-foot pole sign for the Lucky Store that is to be located in the Riverside Plaza Shopping Center on the north side of W. Hamilton Ave. west of San Tomas Expressway.

The commissioners felt that the 35-foot height limitation in the ordinance was adequate for the market.

In sharp contrast to the discussion on the San Tomas gas station, the commission unanimously approved the application for a use permit and plans for a 30' x 32' addition for classroom purposes at the Eastfield Children's Center at 251 Llewellyn Ave.

Karl Marshall, director of Eastfield, told the commission that the portable building was only desired for three years.

The commission also approved plans submitted by Joe Yeargain for a "Taco Joe's Inc." restaurant at Fewtrell and S. Bascom and also plans for Snowden-Pencer Corporation for an industrial office building at 1587 Dell Ave.

Action on the appeal of the planning director's denial for a free-standing pole sign for Deacon Jones Restaurant in the Campbell Plaza was deferred until the next meeting, Sept. 5.

Susan Admire is summer bride

MRS. BARRY K. WHITTAL

One of this season's loveliest weddings was that of Susan Gaye Admire and Barry Keith Whittal at the Westhope Presbyterian Church in Saratoga. The bride is the daughter of Elton E. Admire of Campbell and Mrs. Dessa Admire of Santa Cruz. The bridegroom is the son of Mr. and Mrs. Ernest A. Whittal of Saratoga. Rev. Richard Penaluna was the officiating clergyman.

The attractive bride chose a Mori Lee designed gown featuring daisy patterned lace over satin. A single satin rose secured her elbow length veil and she carried a bouquet of yellow roses surrounded with white stephanotis and dwarf ivy.

Maid of Honor Miss Joanne Fischer chose a street length yellow sheath with scalloped hemline. Miss Jyl Woodward, the bridesmaid, was similarly attired.

Thomas Woodward served as the best man and ushering duties were performed by Ronald Whittal, Tom Bryant and Art Walker.

A reception for 150 guests was held in the Church Fellowship Hall. A four tiered wedding cake adorned with yellow roses was the center of the bride's table. The newlyweds took a wedding trip to Southern California and are now at home in San Jose.

Susan is a graduate of Samuel Ayer High School and attends San Jose State College. She is employed by Safeway Bakery Division.

Barry, a senior at San Jose State College, is a graduate of Andrew Hill High School. He is employed as a recreational leader for the City of San Jose.

Many of the bridegroom's relatives from New Jersey and Florida attended the wedding and the bride's brother, Lt. Johnathan E. Admire, USAF, who has been stationed in North Dakota, also drove out for the wedding.

Mrs. Trevethan re-appointed to UF campaign

For the second year in succession, Mrs. Dorothy Trevethan will lead United Fund's annaul campaign in the Campbell city employees division.

Mrs. Trevethan's reappointment as city employees chairman was announced by Richard A. Hardy, Campbell campaign chairman.

Hardy said that Mrs. Trevethan would have the task of contacting more than 80 city employees in Campbell, to rally support of the 1967 appeal, due to begin Sept. 5 and continue through Nov. 16.

This year Campbell, and the other ten communities in Central Area Chapter, will together be working for a goal of $1,665,432. The overall county target is $2,726,578. Although this represents a goal increase of almost 10 per cent above the amount collected during last year's drive, it is only the "bare bones" requirement, according to Hardy.

DOROTHY TREVETHAN

Hardy pointed out that this figure would barely meet the financial needs of new and existing agencies. Only if the quota was substantially met, would United Fund agencies be able to expand their services.

Mrs. Trevethan, who is a member of Campbell Business and Professional Women's Club, lives at 54 North 2nd Street, with her husband and teenage son.

The young couple have set Jan. 27, 1968 as their wedding date.

Social Side

Light Opera to present summer workshop

San Jose Light Opera Association will present to the public on August 24, 25, 26, the results of seven weeks of training in their annaul summer workshop. Condensed versions of six Broadway productions will be offered at the San Jose City College Theater beginning at 8:30 p.m.

Anthony B. Moyer, the new Production Executive for the Company, commented that he was pleased and astounded that so many people manifested a sincere interest in the field of musical comedy.

The main goal of the summer program is to expose interested people to the basic fundamentals of dancing, singing, and other facets of the theater. Those who witness the productions next week will be amazed when they realize that over 80 per cent of the people involved have never been on a stage in their life.

The six productions include "Fiddler on the Roof", "Mame", "Cabaret", "Hello Dolly", "Oliver" and "Peter Pan".

Those appearing in principle roles in "Fiddler on the Roof", are Charles Spoerri as Tevye, Phyliss Omelas Golde, Sharon Simons as Tzeitel, Sue Kohn as Hodel, Kathy Boyd as Chava and Dick Dallas as Mendel.

In the production of "Cabaret", Lila Lloyd will portray Fraulein Schroder and "Mame" in the production of "Mame". Also in Cabaret" is Kathy Yarcheuer as Sally Bows, Stan Becker as Herr Schultz, and Alan Land as Fred.

Rita Fields will be seen as Dolly in "Hello Dolly", and as Nancy in "Oliver". Other principles in "Mame" are Gregory Shaw, Mikie Moralesm, Ruthe Rosenberg and Jan DeShera. The role of Oliver will be played by Gary Clucas. In the childrens production of "Peter Pan", Kathy Boyd will be seen as Pan, Alice Lynn Grizzard will play Wendy, Mary Ann Martinez will play Michael, and Billy Gould will be seen as John.

PONY LEAGUE SALE

The Women's Auxiliary of the Campbell-Moreland Pony League is sponsoring a drawing of a number of valuable items including a color television set to pay expenses of the recent Pony League Tournament trip.

SUMMER NIGHT FRAGRANCE

A summer night can be even more pleasant than normal if you plant one or more or the vines and shrubs which bear fragrant flowers. These flowers impart a diffusion of lovely scents which linger in the memory long after the passerby has encountered them.

One or two tubs of Sweet Olive, for instance, will not only fill your patio with perfume, but the house as well. These refined shrubs take well to container culture, producing their inconspicuous but highly fragrant blooms in late spring and early summer, thereby getting your summer off to the right start.

You can follow up with a planting of Star Jasmine, which produces its fragrant pinwheels of bloom through midsummer. There are many ways to use Star Jasmine--as a ground cover with the runners pegged down, as a pillar shrub, as a fence-topping vine, as a tubbed specimen, severely pruned. However you use it, satisfaction is guaranteed.

If you're looking for something slightly different, the California Association of Nurserymen suggests the Madagascar Jasmine. This vine is mainly for protected areas, for it is tender to frost, but where it can be grown it produces rich green foliage and waxy-white, tubular flowers which impart an exotic tropical scent.

Bouvadia, with its delicate trumpets of bloom, is one of the better choices for fragrance. Bouvardia seems less widely grown than it once was and such oversight is a loss for all of us. The white-flowered variety is the most intensely fragrant and most worth a sunny spot in your garden.

And what fragrant garden is worthy of the name if it lacks gardenias. The most fragrant of all our flowering shrubs, it is also one of the more useful. It can be enjoyed in the garden and its blooms can be cut for enjoyment in corsages or table centerpieces. To grow one gardenia is to want half a dozen more.

Botanical note: Sweet Olive if found in nurseries as Osmanthus fragrans; Star Jasmine is Trachelospermum or Rhynochospermum jasmonoides.

Tax collector cites deadline

Edward N. Glaeser, Santa Clara County director of finance, reminds all taxpayers who have not yet paid unsecured personal property taxes of the August 31 delinquency date.

Payments may be mailed to Tax Collector, 70 West Hedding St., San Jose, Calif. 95114, and must be postmarked prior to 5 p.m., August 31.

State law requires a six per cent penalty on all taxes paid after the delinquency date. After December 31, an additional charge of one per cent per month will be added, according to Glaeser.

Unsecured personal property taxes are based on value of property as of March 6, 1967 for the fiscal year 1967-68. Disposal of property after that date does not relieve the individual of his tax liability to the County.

Unsecured personal property includes inventory, fixtures and equipment, improvements on leased property, boats, airplanes, livestock, poultry and all other personal property not included in the real estate tax bill.

ON CAPITOL HILL

with "Charlie" Gubser

Ever since the riots in Newark and Detroit, each day's news tells of a public figure castigating the Congress for not passing Great Society legislation like model cities programs, rat eradication, and dozens of other things. Martin Luther King urges massive civil disobedience in repudiation of Congress and President Johnson harps constantly on Congressional shortcomings. Now HEW Secretary Gardner has joined in with a new stanza in the continuing song of Congressional ridicule.

The Secretary or his representatives sat through six months of hearings by the Ways and Means Committee on the recently passed Social Security bill, but voiced no outward objection until the recent riots. Suddenly he has become critical of the provision which would freeze the proportion of children on relief under the AFDC (Aid to Families with Dependent Children) program at the present level.

Ten years ago 646,000 families (2.4 million people) received AFDC aid. The number has now doubled to include 1.2 million families and almost 5 million recipients.

The Committee felt that this was social retrogression instead of progress and decided to do something about it. It recommended a freeze on the proportion (not the number) of recipients. A program which would require each state to initiate programs to combat illegitimacy was recommended along with programs to strengthen family life by providing day-care services if a mother wants to work. Young people were to be encouraged to take menial jobs without having the family's welfare check reduced accordingly on the theory that establishing work habits in a young person might eventually lead him out of the welfare pattern. The Committee bill also required more rigid state enforcement of child-support laws.

As this writer sees it, the opportunity for children to experience the thrill and dignity of being employed is fast disappearing. Union rules and child-labor laws, originally inspired by the disgrace of 19th Century sweatshops, have been expanded to the point where there is little opportunity for a youngster to learn work habits by earning an honest dollar. This is not in the national interest.

But the Administration apparently disagrees and urges more laws and new "giveaway" programs to heap upon those already passed.

For example, there are now four federal rat eradication programs. Yet, because Congress would not start another one and create a new bureaucracy to eat up much of the annual appropriation, it is accused of causing riots. Federal housing standards should be upgraded to eliminate breeding places for rats; research accelerated, and information regarding rat eradication more widely distributed. Cities should avail themselves of the benefits of "Operation Rat", an established poverty program. But a new bureaucracy is not necessary.

Contrary to the theme of the Congressional detractors, the time has come when the Administration should start doing a decent job of administering programs it already has. It is time its administrative legs kept up with its legislative momentum. Congress deserves some blame--but only for passing new programs before requiring that the old ones be made to work.

FIGHT CANCER with a CHECK-UP

Q. What is cancer?
A. Cancer is a group of diseases in which there is uncontrolled and disordered growth of abnormal cells which, if unchecked, will cause death.
Q. How do cancer cells behave differently from normal cells?
A. Normal cells grow in an orderly way to form the body or to repair worn or damaged tissue. Cancer cells grow in a disordered way and produce useless tissue. They deprive normal cells of nourishment, displace and destroy them and, if unchecked, spread to other parts of the body.
Q. Are all cancers alike?
A. No. There are many different types of cancer, arising in different parts of the body, growing at different rates and differing in their response to treatment. Cancers are alike in that they grow and spread and, if not treated, cause death.
Q. How does cancer spread in the body?
A. Cancer cells grow into surrounding tissue or are carried by lymph and blood vessels to colonize in other parts of the body. This spread is called metastasis.
Q. How fast does cancer grow?
A. There is no set rate of growth. Some types grow more in a few weeks than others do in several years.
Q. Is Hodgkin's Disease a form of cancer?
A. Yes. It is a disease in which there is uncontrolled growth of abnormal cells arising from the lumphatic system.
Q. Is Leukemia a form of cancer?
A. Yes. It is a disease in which there is abnormal growth and development of immature white blood cells.
Q. What is a tumor?
A. A tumor is a swelling or lump. It may consist of an excess of normal tissue or fluid, as in a cyst, or abnormal new growth.
Q. Are all new growths cancerous?
A. No. New growths are of two kinds: 1) benign (seldom endangering life or health) and 2) malignant or cancerous.
Q. What is the difference in behavior between a benign and a malignant growth?
A. A benign growth does not spread to other parts of the body as does a malignant growth. A malignant growth (cancer), if unchecked, will spread and cause death.
Q. Can one have cancer without noticeable symptoms?
A. Yes. In their early stages some forms of cancer may give no warning to the patient, but may be detected by a physician in a routine health checkup.
Q. Do lower animals develop cancer?
A. Yes. Cancer is found in all forms of life.
Q. Can the results of cancer studies on animals be of any help to human beings?
A. Yes. Since cancer exists in all forms of life, scientists believe that better understanding of the disease in human beings will be furthered by animal studies. Important medical discoveries have been made or confirmed through animal experiments. Such research has saved countless human lives.

Campbell school district administrators tour Fort Ord military installation

Twenty seven school officials from Campbell, recently visited Fort Ord to observe a day of training at the installation.

The group, headed by Neal Royer, superintendent of the Campbell Union School District, was made up of principals and vice-principals from the district.

According to Royer, the Fort Ord tour was part of an orientation program for the district's administrative staff to be passed on to teachers returning to school from their summer vacations.

He said that the school officials were favorably impressed watching the Army activities, a part of which their students may be in the future.

In addition to the military installation, the group visited San Jose's International Business Machine Division, Lockheed Corporation and the Food Machinery Corporation. Plans have already been devised for possible tours to other industrial plants and electronic divisions.

The group was officially welcomed at Fort Ord by Major General Thomas A. Kenan, Fort Ord's Commanding general. Then they toured the training aids division of Fort Ord's operation's section (G-3), the 4th Brigade's Food Service Area and the leader reaction course of the Drill Sergeant's School here.

They also visited an engine component replacement class of the wheel vehicle maintenance course and a class at the basic army administration course.

GETTING THE WORD--A group of administrators and central staff personnel of the Campbell Union School district listens as Staff Sergeant Edwin D. Hatch (left), instructor with the Wheel Vehicle Maintenance Course at Fort Ord, explains the operation of the engine component class portion of the course.

SERVICE NOTES

HONORED GRAD--Airman Third Class David W. Vollenweider, son of Mr. and Mrs. George A. Vollenweider, of 612 N. Central, Campbell has been graduated with honors from the U.S. Air Force technical training school at Sheppard AFB, Tex.

He is a graduate of Campbell High School and attended West Valley College.

British Boy Scouts enjoy visit here

Two handsome Boy Scouts from England, Michael Walker and Philip Smith, have returned to their homes near London, after spending over a week in Campbell as the houseguests of Mr. and Mrs. Robert McCall and family, 299 Carlyn Ave.

The youths were among 120 British Boy Scouts who were entertained by families in the Oakland-San Francisco area for nine days prior to their departure for home.

The McCalls are particularly interested in the Boy Scout movement as their son, Bill, is a Life Scout and attended the Boy Scout World Jamboree in Farragut, Idaho August 1-9. He is a member of Boy Scout Troop 332, sponsored by the First Methodist Church of Campbell. Herb Davis is the Scoutmaster.

The British youths were guests of honor at a barbecue hosted by the McCalls for Troop 332, and were also taken on a tour of San Francisco and the Monterey Peninsula. They went home with the impression that the Bay Area is "fantistic" and with plans to return someday.

The boys, who both have strong British accents, live 50 miles apart. Michael lives in Walsall, and Philip in Hartshill, which are approximately 150 miles from London. They helped raise the money for their trip to the United States by saving trading stamps, etc. They were particularly interested in the Haight-Asbury inhabitants in San Francisco, and compared them to the motorcycle enthusiasts of England.

The next Boy Scout World Jamboree is slated to be held in Tokyo, Japan in 1971.

To be eligible a youth must have earned his Life Badge. This international convention has helped to bring understanding and fellowship among the youth of the world.

Michael and Philip left last Friday night at midnight via World Airways for London. It was a 15 hour trip with one stop-over in Iceland. No doubt they had a lot to tell the folks at home.

BRITISH VISITORS--These two English lads, (left to right) Michael Walker and Philip Smith, are members of the British Contingent to the Boy Scout World Jamboree, held recently in Farragut, Idaho. They have been touring the Bay Area as guests of Mr. and Mrs. Robert McCall and family, 299 Carlyn Ave.

HANDS ACROSS THE SEA--Bill McCall (center) poses with his two English friends from London, Michael Walker, (left) and Philip Smith, who have been his guests since attending the Boy Scout World Jamboree. The McCall family have given them a tour of the Monterey and San Francisco Peninsula. The boys left via World Airways for England on Friday.

EOC MEETING

The regular monthly Board of Director's meeting of West Valley Economic Opportunity Center, area #6, will meet on Wednesday, August 23, 7:30 p.m. at Moreland School District Office, 4710 Campbell Ave., San Jose. Everybody welcome.

Church meets in Saratoga

Worship services are being held this summer in the Saratoga Theater at 14502 Big Basin Way in Saratoga by the West Valley United Church of Christ (Congregational). Care for young children will be provided in the church school rooms over the theater.

"George and the Dragon" is the title of the sermon announced by the Rev. Donald F. Blanchette

SUCCESS STORY--Congressman Charles S. Gubser (R., Gilroy), right, stands at the entrance to the Pacheco Tunnel with M. R. Johnson, San Luis project engineer.

The entrance is now under water in the rapidly filling San Luis Reservoir. The remaining eight miles of tunnel will be drilled from the western slope of Pacheco Pass under authorization just passed by Congress.

Last week the House of Representatives by a 235-83 vote passed Congressman Gubser's (H.R. 43) which authorized the construction of the San Felipe Division of the Central Valley Project which includes the Pacheco Tunnel addition which will eventually bring needed water into Santa Clara, Santa Cruz and San Benito counties.

An identical bill sponsored by Senator Tom Kuchel had been previously approved by the U.S. Senate. In commenting on the success of the legislation, Congressman Gubser said it was the most satisfying accomplishment of his 17 years as a member of the state legislature and congress.

C-M all-stars lose title bid

Campbell-Moreland's World championship hopes for 1967 foundered on the southpaw arms of the Hawaii all-stars in the Pony League divisional finals at San Bernadino last week.

Fighting right down to the last out in the fourth game, C-M came back brilliantly from a 9-0 deficit to score eight runs in the top of the 7th before the final putout was made.

In that unbelievable inning 13 men went to bat, scoring eight runs on five hits, three walks and one Hawaii error. The victors also had a mental lapse as the third baseman threw home for a force when only two runners were on the sacks. The tying and go-ahead run were on third and first when the inning ended.

It was a dramatic finish to four weeks of strenuous tournament activity.

POOR START

The western division finals started out on an ominous note when Bob Nickeson could only go one inning in the tournament opener against Richland of Washington.

A sore elbow in his pitching arm had also given him trouble in Springville at the tail-end of the regional tourney.

Tom Haney came on to pitch six relief innings but his early appearance upset a pitching rotation that had carried C-M to nine straight victories and three tourney champions.

Down by one unearned run in the first, Campbell-Moreland struck back on timely hitting and daring base-running to score four times and take the opener 4-1.

THURSDAY

On Thursday evening C-M's pitching and defense collapsed completely as the Hawaii all-stars waltzed to an 11-2 victory.

C-M was never in the game.

They closed a 4-0 gap to 4-2 in the bottom of the third on Steve Cannady's double. But that was the end of their scoring for the evening. Meanwhile Hawaii took advantage of every situation and ran up the big score.

FRIDAY

On Friday evening Campbell-Moreland faced Richland once again the battle of the once-beatens. Steve Hinckley made his first division tourney appearance and walked off with a 10-6 win. Steve had the help of Tom Haney in the last two innings. C-M had a five run outburst in the third. Steve Davis led off the inning with his only home run of the season, a high smash out to straight-away left.

After the next batter was out, Nickeson lofted a soft little single on a 3-2 pitch, taking second on a subsequent passed ball.

Jeff Lauro came through with a one-bagger but Bob was out at the plate when he failed to slide. With two gone Fournier and Rasmussen both walked and Sam Lo Bue unloaded two of the sacks with a ground rule double to right. Rasmussen then scored on a Richland error and Sam came in on Chuck Leishman's single.

Richland scored twice in the first and continued to peck away at C-M's lead. It took a a three run C-M spree in the seventh to put this game well into the win column.

Once again Sam Lo Bue came through driving in two runs with a single and scoring himself on Tom Haney's single. The final score was 10-6.

SATURDAY

Campbell-Moreland had to play every day to stay alive. Saturday's opponent again was the explosive little Hawaiian group. Just before the game C-M's hopes suffered a bitter blow when it was learned that starting pitcher Bob Nickeson had pulled elbow tendons and was sporting a cast on his right arm.

Nevertheless C-M battled back valiantly in that top of the seventh, and came within an eyelash of scoring the tying run.

Los Ranchitos organizes own swim club

The latest addition to swimming competition in Campbell is the Los Ranchitos Swim Club, which has been holding swim meets with other private swim clubs in the county this summer.

Over 50 youngsters between the ages of seven and 14 are participating in the meets, coached by Peg Hebard.

Los Ranchitos Cabana Club is located on La Pradera in Campbell. The youngsters have purchased their own swim suits and are conducting a paper drive to raise money for starting blocks, etc. They have held swim meets with Cloverdale Swim Club, Pinehurst Swim Club and Cross Gate Swim Club.

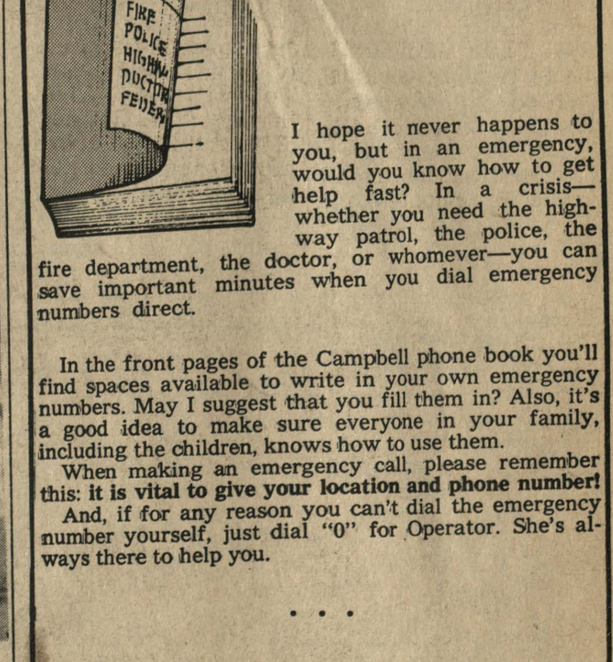
Only *you* can prevent forest fires



I hope it never happens to you, but in an emergency, would you know how to get help fast? In a crisis—whether you need the highway patrol, the police, the fire department, the doctor, or whomever—you can save important minutes when you dial emergency numbers direct.

In the front pages of the Campbell phone book you'll find spaces available to write in your own emergency numbers. May I suggest that you fill them in? Also, it's a good idea to make sure everyone in your family, including the children, knows how to use them.

When making an emergency call, please remember this: **it is vital to give your location and phone number!**

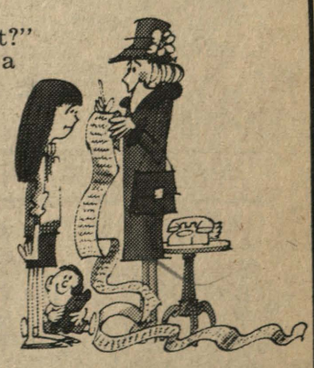
And, if for any reason you can't dial the emergency number yourself, just dial "0" for Operator. She's always there to help you.

. . .

Here's a reminder from the United Crusade: "One gift works many wonders. Your gift will be put to work where it will do the most good—and many needy people will be helped."

. . .

Planning an "evening out?" You'll relax and have a better time if you make sure that your baby-sitter knows where you can be reached by phone. Even if you're planning to be two or three places during the evening, it's a good idea to write down the names of the places, the phone numbers, and the approximate times you'll be there.



And, it's a good idea to point out to your sitter all emergency numbers, including the family doctor's, which you have written in the front of your phone book.

I'm sure you'll find that taking this precaution is a very easy habit to get into — and it's one way that your telephone can make a night out just that much more pleasant.

County collects delinquent taxes with "firmness"

County taxpayers will feel the impact of a firmer policy for collecting long delinquent unsecured personal property taxes, this month, according to Finance Director Edward N. Glaeser.

The new system, approved by the Board of Supervisors in May, makes use of a state law allowing seizure and sale of "personal property, improvements and possessory interests" for collection of taxes.

A study conducted this year by Glaeser uncovered 100 accounts which might be considered for seizure and sale. He said most of the delinquents are business firms. Assessed properties usually consist of business type inventories, equipment, boats and airplanes.

Glaeser also noted that $1.6 million in taxes are delinquent since 1956, $1.1 million of which has accrued in the past three years. He said the County's past practice of filing liens on unpaid taxes and following up with personal contact lacks the "teeth" necessary for efficient collection.

Under the new procedure, after giving warning of due dates by which taxes must be paid, the County will seize assets and arrange for public auction to cover payment of unpaid taxes.

CROWNING, JUNIOR GRADE--Debra Ekstrom, a 12-year-old from San Jose, and 11-year-old Louis Mercado, also from San Jose, are the Junior Queen and Junior King of the 23rd Annual Santa Clara County Fair. Lynnette Moles, far left, and Brian Blyss, far right, Junior Queen and Junior King of last year's Fair, are shown crowning the new royal couple.

Carol Moreno, Miss Campbell, and Fair President A. L. Christopher are shown standing behind the young royal couple, representing the Fair.

FAIR AUCTION--The Junior Livestock Auction will start at 9:30 a.m. on Saturday August 26, and run all day at the 23rd Annual Santa Clara County Fair, which opened on August 18 and will run through Sunday, August 27. The judging and auction will take place in the swine arena in the Swine and Sheep Building.

GOING FULL BLAST--The Santa Clara County Fairgrounds, above, is the bustling site of the 23rd Annual Santa Clara County Fair, where over 350,000 visitors are expected in the 10 days from Aug. 18 through Aug. 27. The Fair, third largest in the State, is accommodated on 197.7 acres of land. The main gate is located on Tully Road near its merger with Curtner Avenue.

Campbell makes good showing at Santa Clara County Fair

A number of Campbellites have been awarded blue ribbons for their entries in different departments of the Santa Clara County Fair.

HOME ECONOMICS

In the Home Economics Division, Miss Grace E. Aldrich took a first, third and an honorable mention for her entries in the Weaving, Rugs and Hooked Items, including Quilts. Betty Dyer was awarded a first place ribbon and Margaret Travers took two firsts, a second and third for their entries in the same department.

Antonio Vinciquerra was awarded a first place ribbon for his entry in the handicrafts department.

Judy Bain took three first place ribbons and one second place for home furnishings and Peggy Bain took four first place ribbons and one second place for her home furnishings entries. Nancy Coker was awarded two second place ribbons and Sandra Coker took home a second and a third place in the home furnishings department. All four girls are members of the Campbell 4-H Club.

In the canning division, Yurico Iwanaga took a first place, and Pauline Seidel and Fern Kalland, took a number of second place ribbons.

Campbell 4-H Club tok
took a third place award for their feature booth.

GARDENING

The Campbell Garden Club was awarded second place for their "Vacation" garden, "A Trip to Mexico". It featured a Spanish theme. The Camp Belles Junior Garden Club was the top winner in the Junior Division for their "Garden of Memories".

Destruction Derby highlights last day of fair on Sunday

Sunday, August 27, will be a smash hit day at the 23rd Annual Santa Clara County Fair, which will close its ten-day run that night.

One of the featured events of the day will be an automobile destruction derby, where over 60 cars will bash and batter each other in hopes of being the last car running at the end of the day.

Another slam-bang feature Sunday at the Fair will be the fast draw shooting exhibition and county championships, hosted by the Valley Gun Hawks Fast Draw Club and sponsored by the Santa Clara County Fair Association.

The fast draw exhibition, presented at the Fair this year for the first time, will feature competition for both men and women in Fair Family Park at 11:00 AM.

The competition exhibition begins Saturday at 11:00 AM and will be concluded at the Sunday shoot-out.

The Destruction Derby is a NASCAR-sponsored event in which 4-car teams compete in three 15-minute crash periods and a final unlimited period which lasts until only one car is left running. The Derby at the Fair Sunday is the only such event scheduled for Santa Clara County this year.

All men are eligible for the smashing event. Drivers under 21 must submit a release from their parents. The Derby, which starts at 3:00 PM Sunday, operates under strict safety rules and precautions, with the result that no one has ever been killed or seriously injured in the competition.

Fast draw, a fast-growing activity nationwide, is an exciting, entertaining and safe sport in the tradition of our Western heritage. No live ammunition is ever used. Wax and blank bullets are used in all phases of competition and exhibition. Sunday's show will, in addition to the county championship competition, feature exhibitions of all kinds of fancy gun handling and a gun-safety talk.

New Books at the CAMPBELL LIBRARY

A LONG WAY UP, the Story of Jill Kinmont by E. G. Valens.

This is a story that falls naturally into two parts. The first half of the book is the story of the making of a ski champion...the grinding physical work... the exhilaration of sun and speed and snow and the equal exhilaration of national recognition and success. The second half is an unflinching picture of what it really means to be disabled; what it takes to climb out of the cage a serious injury creates. As a whole, the book is a moving but unsentimental picture of an ordinary girl who became, when circumstances demanded, extraordinary.

DOOMSDAY SQUARE, by Ray Ward Taylor

A dramatic novel of the secret race to develop a weapon more devastating than the atomic bomb. Doomsday Square is a fast paced, exciting novel in the very popular "Fail-Safe" tradition. The author's Air Force and space program experience lend authenticity to this highly readable story.

DIRECTS THEATER--LeRoy Del Carlo, local music teacher, announces the reopening of the Campbell Childrens' Theater, 3920 W. Campbell Ave., and has several productions planned for the fall. Many acting parts are still open. Interested youngsters are asked to contact him at 379-1442.

Theater group reopens doors

Campbell Childrens' Theater, directed by Mr. and Mrs. LeRoy Del Carlo, 3920 W. Campbell Ave., will reopen its doors shortly. Interested youngsters between the ages of seven and 17 are invited to contact the Del Carlo's at 379-1442.

Several productions including "Peter Pan" are planned for the fall. Two presentations, "Masquerade at Morticia's" and "Days of Yesterday" are now rehearsing. No theatrical experience is required. Many acting parts are still available. Singers, dancers and instrumentalists are needed.

Petty theft at four stations

Four service stations in Campbell were hit by a seige of petty thefts last week, but the prize was nothing more than rubber hose. Each of the stations were entered when closed and the hose across the gas islands connected to the warning bell was cut and removed.

The stations hit were Dan's Shell Service, 771 W. Hamilton, Hamilton Enco, 921 W. Hamilton, Mobil Service, 890 W. Hamilton and Dave's Texaco, 770 W. Hamilton.

WV College transfers make high grade average at SJS

For the second year in succession, West Valley College students who transferred to San Jose State College last year recorded a grade point average higher than all students attending that institution, according to new data processing records prepared at the downtown San Jose college.

Dr. Ralph L. Cummings, director of admissions and records at San Jose State College, reported the following facts:

There were 308 transfers from West Valley College attending San Jose State during the spring semester, 1967.

In that semester, the WVC transfers earned an average grade of 2.35 (C+). However, their overall cumulative grade for all work at San Jose State during the 1966-67 school year is 2.43.

The new data processing system at San Jose State indicated that all freshmen at San Jose State College averaged 2.20, and the average grade for all undergraduates was 2.28.

(West Valley transfers received a higher grade point average than all students attending San Jose State, at whatever level of instruction, which according to Jerry Gridner, dean of student personnel at WVC, indicates "the high quality of instruction in the lower division courses offered at West Valley College.")

Of the 308 students who transferred from West Valley to San Jose State, 282 had completed their lower division work at the Campbell institution and transferred as upper division students. Only seven transferred as freshmen and 29 as sophomores.

Gridner said the study shows that the longer a student stayed at West Valley College before transferring, the higher was his grade average at San Jose State.

The seven freshmen transfers earned a 1.69 grade point average, the 29 sophomores a 2.12 average and the upper division transfers a 2.43 average, Girdner said.

Naval Reserve announces college exam

Vice Admiral B. J. Semmes, Jr., Chief of Naval personnel, has announced that the 22nd annual national competitive examination for the regular naval reserve officers training corps (NROTC) will be given on Dec. 9, 1967.

The regular NROTC program prepares a youth for a navy or marine corps commission while he is studying at one of 52 civilian colleges. All tuition, fees, uniforms, and books are furnished by the navy, and the student receives $50 per month subsistence allowance for not more than four years.

Eligible high school seniors and graduates should submit their applications before November 17, 1967. Application forms are available from high school counselors and navy recruiting station, located at 3381 Stevens Creek Blvd., San Jose, Calif., Phone 248-7090.
